

Welcome!

We know that youth like you want to get involved in your community but are sometimes unaware of how to go about doing so. The purpose of this Guide is to provide youth with a tool to help them get involved in their community. The guide does this by outlining the steps you need to take and by providing examples of how others have worked through the process.

During the course of developing your idea, you may need to speak with individuals from various organizations, departments or agencies. Contact your local [Community Futures Development Corporation](#).

Parkland Community Futures Development Corporation and Dauphin Youth Service Canada wish you much success as you start on this very exciting and rewarding adventure!
